

REMARKS

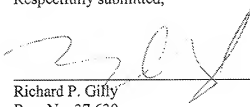

This Amendment after Allowance is being filed to eliminate an inconsistency between the drawing and the specification identified by the USPTO in a Notice of Drawing Inconsistency with Specification, dated March 7, 2007 (copy enclosed). In particular, by removing the sole reference in the application to Fig. 7, which appeared, inadvertently, in the Brief Description of Drawings, it is respectfully submitted that the inconsistency in the application is now corrected.

No further Amendments or substitute drawings are needed. No further examination or other substantial efforts are necessitated by this Amendment, nor is any new matter presented, so entry of this Amendment is respectfully requested. Accordingly, the case remains allowable and issuance is requested in view of this Amendment. Please apply any charges or credits to Deposit Account No. 06-1050.

Respectfully submitted,

Date: _____

March 8, 2007
